

CAMPAIGN TOOLKIT

The Sideline Behaviour Initiative is here to make sure that everyone feels safe and comfortable playing the sport they love. It isn't an easy topic and it will take a commitment from us and the community to improve sideline behaviour.

United to embed the principles of True Sport, SportWest, with the support of State Sporting Associations will stand together to stamp out poor sideline behaviour in sport. Share the campaign and let's build the momentum together.

There's no place for poor sideline behaviour. Let us play!

True Sport. Everyone. Every Sport.

CAMPAIGN OVERVIEW

The True Sport Sideline Behaviour Initiative seeks to increase public awareness of the impact of poor sideline behaviour in sporting environments. A marketing campaign seeks to inspire change, with supporting resources to support behaviour change.

Via a coordinated campaign schedule (provided below) for all SSAs and relevant organisations, the goal is to ensure maximum campaign exposure and amplification of the campaign message in the month of October.

We ask that the campaign schedule is closely adhered to, including key messages as provided. If SSAs do not have a dedicated resource to do this, you are encouraged to share the posts by True Sport and SportWest.
